

WISCONSIN WILL PAY TEACHERS MORE MONEY

(By United Press.)

MILWAUKEE, Nov. 18.—Wisconsin today completed a campaign that has attracted or will attract the attention of the entire educational field in the United States.

This was the final day in a week's drive to raise \$5,000,000, for the Wisconsin Colleges Associated, an affiliation of the University of Wisconsin, Marquette university and minor col-

leges of the state of all denominations.

The money is to be paid during a period of five years by all subscribers to the fund and is to be used in paying higher salaries to faculty members, to insure the teaching of a better Americanism and inculcate higher ideals in the minds of the students.

The plan may be tried in other states. Dr. Frank W. Gunsaulus, president, Armour Institute of Technology, Chicago, and other leading educators of the country used their influence in making the campaign a success.

"Y" MEN SAY BOLS MUST BE ELIMINATED

WILL DISCUSS SUBJECT AT
DETROIT CONFERENCE.

Five Thousand Delegates Attend
First Convention Since War
Was Declared.

(By United Press.)

DETROIT, Nov. 18.—"Bolshevism must go."

This was the decision here today of 5,000 delegates attending the opening session, fortieth triennial convention, Young Men's Christian Association of North America. Delegates were here from the United States, insular possessions and Canada.

No joint meeting of the Canadian and American Y. M. C. A. officials had been held since the United States entered the world war. The last international convention was in Cleveland, in 1915.

Important subjects to be studied during the session, which lasts until Friday, as outlined by officials, follow:

Co-operation of the Y. M. C. A. in assimilating back into American and Canadian life the 4,800,000 men who served in the army and navy of the United States, and the 500,000 men who constituted the Canadian forces.

Stabilization of the many millions of men in industry.

How to stamp out Bolshevism.

Practicability of building the Army camp type of hut in rural communities, for peace-time association service.

World-wide expansion of the American Y. M. C. A. considering many requests from many countries, including France, Italy, Siberia, Greece, Poland, Czechoslovakia, Armenia and Palestine, for its continuance among civilians, as well as with their military and naval forces.

Possible use in peace time of women Y. M. C. A. secretaries, 2,700 of whom were used during the war.

Re-studying of co-operation between the Protestant churches, the old and new religion and welfare organizations and the Y. M. C. A.

Lines to Be Remembered.

The sight of a battlefield after the fight is enough to inspire princes with a love of peace and a horror of war.—Napoleon I.

HEALTH BOARD MAKING A STRICT INSPECTION

EXAMINING INTO PHYSICAL DEFECTS OF CHILDREN.

Dr. W. B. Keating Appointed Director of Bureau of Child Welfare Work.

JACKSONVILLE, Nov. 18.—Dr. William B. Keating has been appointed director of the Bureau of Child Welfare of the State Board of Health, succeeding Dr. Grace Whitford resigned. Dr. Keating assumed his duties this week, when he went to Palm Beach county to assist Dr. William J. Buck, assistant state health officer, in directing the examination of something more than 2,000 school children in that county.

Dr. Keating is an authority on child welfare, having been physician for the schools of Beverly, Mass., for several years. He is a graduate of the famous Tufts Medical School of Boston and also has done special work in the School of Physicians and Surgeons in New York City. He was resident surgeon of Flower hospital in New York for several years and is well known to the medical profession of New York State.

By the end of December the State Board of Health will have examined more than 30,000 school children in Florida. These examinations mean a personal physical inspection for each child. Parents are notified of any physical defects and treatment necessary through the central office and the assistance of the child welfare department of the State Board of Health is placed at their service. The board also is working in conjunction with the estate institutions for the treatment of special diseases.

IN SHADOWLAND.

Those who witnessed the presentation of the great special feature "Secret Service" at The Arcade last night pronounced it one of the greatest pictures ever filmed.

The ancient system in vogue in Latin countries to betroth young girls to favored suitors without consulting the being most concerned in the transaction form the basic idea of the story of "A Daughter of the Old South," the latest Paramount photoplay starring beautiful Pauline Frederick, which will be presented

for the first time in this city at the Arcade to-day.

Who has not read O. Henry? And who does not recall "The Halberdier," one of the most charming tours de force in all his repertoire? This story has been made into a film for Wallace Reid, under the title "You're Fired!" It will be seen at the Arcade Thursday.

With such players as Wanda Hawley, Theodore Roberts and Raymond Hatton in the cast, the production is a most delightful entertainment.

Vivian Martin is a keen student of the psychology of clothes. She does not believe that clothes are always needed to make a girl pretty and fascinating, and you'll agree with her after you see "Mirandy Smiles," her new Paramount picture, which is now being presented at the Arcade Wednesday.

The Miracle Man, which comes to the Arcade soon, has broken all records as a drawing card for the time it has been released.

ords as a drawing card for the time it has been released.

"Sporting Life," Maurice Tourneurs great spectacular film which comes to the Arcade next Monday, is not a sex play, but of real red blooded sport. It is said to show the greatest horse race ever filmed.

LEWIS LEONARDI DEAD.

ST. AUGUSTINE, Nov. 18.—Lewis Leonardi, one of the older generation of St. Augustine's citizens died Saturday afternoon, following an illness of considerable length. Mr. Leonardi suffered a stroke of paralysis some months ago and since that time his health had been much impaired. Up to two or three weeks ago he was on the streets daily, but a relapse forced him to bed and his condition gradually became more serious.
